Professional Summary

Computer Science undergraduate (CGPA 8.52/10) specializing in full-stack development, backend engineering, and system design with Java, and React. Built AI-powered platforms with scalable backend architecture, RESTful APIs, and object-oriented design principles. Led cross-functional teams of developers and mentors across national-level hackathons and large-scale campus events, consistently delivering on tight timelines.

Education

Vellore Institute of Technology

2023 – 2027

B.Tech in Computer Science & Engineering

CGPA: 8.52 / 10

Experience & Leadership

Internal Lead

Dec 2024 – Feb 2025

Smart India Hackathon (SIH)

- Supervised technical team coordination for national-level hackathon, aligning participants across development tracks.
- Facilitated cross-functional communication between developers and mentors to streamline problem-solving.

Lead, Event Management

2024 – 2025

Haryana Association

- Managed regional cultural and technical event logistics, including vendor procurement and budgeting.
- Improved event execution timelines by 15% through optimized resource scheduling.

Co-Lead, Documentation

Jan 2024 – May 2025

Entrepreneurship Club

- Managed club-wide digital assets and startup repositories, ensuring data integrity and version control.
- Authored technical reports and administrative guidelines for startup incubation programs.

Technical Projects

Alpha-Guard — Forensic Credit Risk Platform *Next.js, FastAPI, Gemini API, Pandas, Scikit-learn*

- Built an AI-driven financial forensics platform fusing Altman Z-Score analytics, Monte Carlo revenue simulations, and Gemini-powered NLP to flag corporate risk from SEC/NSE filings in under 2.4 seconds.

TubeRadar — YouTube Sentiment Analysis Tool

Python, NLP, Pandas, Plotly

- Built an end-to-end NLP pipeline with interactive Plotly dashboards to classify and visualize sentiment trends across YouTube comments.

Technical Skills

Languages: Java, Python, C, HTML5, CSS3, JavaScript, SQL

Frameworks & Tools: React.js, Node.js, Git, GitHub, Postman, VS Code

Core CS: Data Structures & Algorithms, DBMS, Operating Systems, System Design, OOP, Design Thinking

Certifications & Languages

Certifications:

- Microsoft Certified: Cybersecurity Architect Expert
- Microsoft Certified: Azure Solutions Architect
- IBM Certified – Generative AI using IBM watsonx
- AWS Certified Cloud Practitioner / Cloud Architecting

Languages Known: English (Professional), Hindi (Native), French (Basic)
